# FOUNDER'S STORY

**DR. SNEHA RANAWAT KOTHARI**

**Reniccaa was born from an unexpected yet powerful transformation — the journey of a doctor who discovered her true calling in the world of design and merchandising. What began as a small passion project, creating organic bags and listing them on online platforms, soon turned into a thriving entrepreneurial path.**

**A breakthrough came when Camlin reached out after noticing the uniqueness of the work. Designing and merchandising for such an iconic brand opened new doors. With confidence and creativity, Reniccaa began collaborating with leading names like Doms, Dream 11, Sula vineyards and other industry leaders.**

**Today, Reniccaa stands as a professional merchandising brand rooted in quality, creativity, thoughtful budgeting, and dependable service. From concept to creation, we focus on delivering products that reflect craftsmanship, purpose, and brand identity. Reniccaa isn't just a brand — it's the story of passion turned profession, and a commitment to making meaningful merchandise that speaks for the brands we work with.**

# CO- FOUNDER'S STORY

**DR. PRASHANT KOTHARI**

**Dr. Prashant Kothari, a dentist by profession and an entrepreneur by spirit, identified a critical gap in the healthcare ecosystem during the Covid-19 pandemic - medical scrubs that lacked comfort, quality and durability for long working hours.**

**Driven by the belief that doctors deserve better everyday wear, he set out to create high-quality, comfortable, and wrinkle-free scrubs designed for demanding shifts. What began as an observation soon evolved into a purpose-driven venture.**

**The brand's first order from Terna Dental College reaffirmed his conviction that quality, backed by intent, earns trust. Today, the brand stands rooted in purpose, consistency and the service excellence.**
